Work Experience

• Ecommerce Site Design

for a local client

Convert a PSD to HTML for a Ecommerce. It was a responsive website for major three devices such as Mobile, Tab and Desktop. I did use jQuery plugin in this website for some animation such as slider, counter up, counter down etc

Education

2022

• University

Bachelor Degree in English Literature

2014-2015

• College

Higher Secondary Certificate

Hobbies

Socializing with family and friends, Learning new technology on weekly basis, reading non-fiction books on regular basis.

//

Looking for an opportunity to work with a learning environment where I can take my skill to the next level and make a contribution for company
